WHAT RENOVEREND CAN ACCOMPLISH FOR YOU

Renovation

Have you recently bought a house or noticed that your current home needs maintenance? Don't wait—turn to Renoverend's experienced professionals. With over 18 years of experience, we specialize in complete home renovations as well as remodeling office buildings, stores, and restaurants throughout the Randstad area and across the Netherlands.

Remodeling

Thinking about remodeling your home? From detailed planning to flawless execution, it's a complex process. With years of experience, Renoverend's specialists handle complete remodels of homes, offices, stores, and other spaces with expertise. Choose Renoverend for quality, transparency, and sustainability.

Painting and Plastering

Painting the exterior of your house? Adding a new color to the interior walls? New wallpaper in the bedroom? Or plastering the walls? Leave it to one of our experienced painters or plasterers. Renoverend is happy to take the task off your hands, making your home or office look new in no time. We work exclusively with A-brand paint and the best building materials for optimal results.

Carpentry

A stunning wooden staircase that adds charm to your home or a practical walk-in closet tailored for your bedroom. Whatever you envision, our expert carpenters bring your ideas to life with precision. Need a veranda, garden house, or carport? Leave it to the professionals at Renoverend.

Plumbing

Replacing a water pipe? Installing a gas line? Swapping out a shower faucet? Installing a bathtub? Unclogging a dishwasher? Our certified plumbers are equipped with the best tools to handle all tasks professionally. They also expertly handle full renovations of bathrooms, kitchens, and toilets, ensuring a worry-free experience for you.

Installation

Need new radiators in your living room? Renoverend's team specializes in connecting a variety of heating systems, including radiators, convectors, boilers, and solar boilers. Renoverend is also the right choice for laying and connecting underfloor heating.

Electrical Work

Whether it's wiring installation, circuit expansion, switch replacement, lamp hanging, or installing outlets, lightning protection, or alarm systems, leave the hard work to us. Our experienced electricians have the know-how to handle all your electrical needs quickly and, most importantly, safely.

Tiling

The tiles in your bathroom, kitchen, or toilet are key to creating the right atmosphere. Our experienced tilers bring your vision to life, whether you prefer natural stone or ceramic tiles. With their keen eye for detail, they guarantee a stunning finish that you'll enjoy for years to come.

Project Execution

For every renovation or remodeling project, we collaborate with you step by step to achieve the perfect result. From your initial idea to the final execution, here's how we work:

WHAT CUSTOMERS SAY ABOUT US

After a few disappointing experiences with painters, we found Robert on a marketplace. He is dedicated, honest, and keeps his promises. We will definitely ask him to come back for our bathroom renovation. If you still have any doubts about choosing Robert, feel free to ask him for my address (Scheveningen) to view the exterior!

HANNEKE & ROELAND

We had the entire exterior painted. Although it was 32 degrees outside, the modest and neat painters worked very hard. As a result, the job was completed in no time. Thank you for the beautiful result!

VISSER

Renoverend's employees sanded and painted the exterior of my house. The service, craftsmanship, mutual respect, and, above all, hard work and expertise were exceptional. I read the word 'relief' in another review, and I completely agree. Trust is clearly a top priority for Robert and his team. I will recommend this company wherever I can. Thank you all!

OUR PROJECTS

OUR PROJECTS

SAFETY AND SECURITY ARE OUR PRIORITIES

That is why we have an insurance policy with the reputable Dutch company Nationale Nederlanden for an amount up to €5,000,000.

RENOVATION ON CREDIT? WITH RENOVEREND, IT'S POSSIBLE! QUICK, EFFECTIVE, AND AFFORDABLE!

We assign a personal advisor in your area who will assess your needs and financial possibilities.

We provide an estimate of the costs of our renovation services in accordance with the formal requirements of banks in the Netherlands.

We are independent and compare offers from dozens of financial institutions to provide you with the best credit terms.

We handle all formalities for you, from the application process to financing.

FREQUENTLY ASKED QUESTIONS

What are your working hours?

Our professionals work Monday to Friday from 8:00 am to 6:00 pm. On Saturday, they work from 9:00 am to 3:00 pm. Thanks to the extensive working hours of our flexible staff, you can be sure your renovation or remodeling will be completed quickly and professionally.

What language do your employees speak?

All our professionals speak Dutch or English, ensuring smooth communication at all times. For every renovation and remodeling project, a dedicated project coordinator is assigned, visiting at least once a week to oversee progress. The coordinator also speaks both Dutch and English, so they can answer your questions quickly and expertly. If you still have any doubts or need clarification, you can always reach out to the company owner directly.

How can I dispose of demolition and construction waste?

Almost every renovation or remodeling project produces demolition and construction waste. You can easily dispose of it by renting a waste container from us, which will be placed at your property during the project. Alternatively, you can choose to bring the waste yourself to the recycling center or waste station of your municipality. Our employees always leave their workspace neat and tidy at the end of the day, ensuring a clean handover upon project completion.

Who covers the parking costs for the professionals?

For customers living in areas with paid parking, the parking costs for our professionals are to be covered by the customer. The cost of a day pass will be billed to you. We recommend applying for a temporary parking permit with the municipality if our professionals will be working at your property for a week or more. A temporary permit is usually much cheaper. We will send you our vehicle's license plate number ahead of time, allowing you to apply online for a temporary permit, such as a weekly or monthly pass, to keep parking fees low.

Can Renoverend also supply the materials for my project?

Yes, we work with wholesalers, which allows us to purchase materials for your project at wholesale prices. Most basic materials are available through our partnered wholesaler. Please note that we have no control over material prices and cannot predict sudden price increases.

Which materials is Renoverend not able to supply for my project?

Materials based on personal taste are not included in the project and must be purchased by you. Examples of these materials include flooring, tiles, toilet bowls, faucets, showers, windows, doors, door frames, handles, lamps/spots, sockets, switches, etc.

What does the start of my project look like?

Once you accept our quote, we'll need to know your preferred start date for the project, and we'll confirm it as soon as possible. A week before the start date, the project coordinator will reach out to finalize the details. Please note that the initial materials required to begin the project must be paid for in advance, and the coordinator will confirm this again during the arrangements.
